### MoviPrep Bowel Preparation Instructions

**Bowel preparation (cleansing) is needed and is very important to perform an effective colonoscopy. Any stool remaining in the colon can hide lesions and result in the need to repeat the colonoscopy within one year. It is critical that you follow the instructions below as directed.**

#### **ONE WEEK PRIOR TO YOUR COLONOSCOPY**

- Our office will call in your prescription for your bowel preparation to your pharmacy.
- The following medications must be stopped one week prior to your colonoscopy:  
NSAIDS such as Aleve, Advil, any anti-inflammatories (Take Tylenol if needed)  
Vitamins, iron supplements, herbal supplements
- If you are taking any blood thinning medications such as Aspirin, Aspirin containing products, Coumadin, Plavix, or any other blood thinners, please follow the instructions for stopping these medications as instructed by your physician.
- **Continue taking all other prescribed medications.**
- If you are a diabetic, follow the instructions for any changes in your insulin coverage or medication on the day before and day of the procedure as ordered by your physician.
- Call the Access Department @ 978-834-8210 to pre-register for this procedure Monday through Friday from 8am-5pm.

#### **THE DAY BEFORE YOUR COLONOSCOPY**

- **NO SOLID FOOD**
- Drink clear liquids only. Clear liquids include:  
Water, apple juice, white grape juice, white cranberry juice (NO PULP)  
Coffee/tea - **BLACK ONLY** (without milk, cream or non-dairy creamer)  
Clear carbonated drinks like 7-up, ginger ale or sprite  
Clear broth or bouillon, Jell-O, popsicles, sport drinks (**NO RED, ORANGE OR PURPLE**)  
No alcohol products.
- Drink 8 ounces of clear liquid every hour from 11am to 5pm (Gatorade is preferred).

#### **5pm EVENING BEFORE COLONOSCOPY**

- Empty 1 Pouch A and 1 Pouch B into the disposable container.
- Add lukewarm drinking water to the top line of the container. Mix to dissolve.  
(If preferred, mix the solution ahead of time and refrigerate prior to drinking. The reconstituted solution should be used within 24 hours)
- The MoviPrep container is divided by 4 marks. Every 15 minutes, drink the solution down to the next mark (approximately 8 oz.) until the full liter is complete.
- Drink an additional 16 ounces of the clear liquid of your choice.

## THE DAY OF THE COLONOSCOPY

### **5 HOURS PRIOR TO LEAVING FOR PROCEDURE**
